

19. RELATE THE BEAD-CUBE CHAINS TO THE BEAD SQUARES TO THE BEAD CUBES

Materials:

- Bead cube chains, one through ten
- Bead chains, one through ten
- Bead cubes, one through ten

Presentation:

1. Place the bead-cube chains from one through ten across the top of the rug, beginning with the one-cube chain placed at the upper right corner and proceeding in sequence to the left. Allow space between each chain.
2. Place the one-square above the cube chain of one.
3. Stack the two-squares above the cube chain of two.
4. Stack the three-squares above the cube chain of three.
5. Stack the four-squares above the cube chain of four.
6. Stack the five-squares above the cube chain of five.
7. Stack the six-squares above the cube chain of six.
8. Stack the seven-squares above the cube chain of seven.
9. Stack the eight-squares above the cube chain of eight.
10. Stack the nine-squares above the cube chain of nine.
11. Stack the ten-squares above the cube chain of ten.
12. With the index finger, indicate the one-bead cube chain. Place the one-bead square to the right of the one-bead cube chain.
13. With the index finger, indicate the first segment of the two-bead-cube chain.
14. Say, "One, two; two twos."
15. Place the two-bead square to the right of the metal circle at the bottom of the first segment of the two-bead-cube chain.

16. With the index finger, indicate the second segment of the two-bead-cube chain.
17. Say, "One, two; two twos."
18. Place the two-bead square to the right of the metal circle at the bottom of the first segment of the two-bead-cube chain.
19. With the index finger, indicate the first segment of the three-bead-cube chain.
20. Say, "One three; two threes; three threes."
21. Place the three-bead square to the right of the metal circle at the bottom of the first segment of the three-bead-cube chain.
22. With the index finger, indicate the second segment of the three-bead-cube chain.
23. Say, "One three; two threes; three threes."
24. Place the three-bead square to the right of the metal circle at the bottom of the second segment of the three-bead-cube chain.
25. With the index finger, indicate the third segment of the three-bead-cube chain.
26. Say, "One three; two threes; three threes."
27. Place the three-bead square to the right of the metal circle at the bottom of the third segment of the three-bead-cube chain.
28. With the index finger, indicate the first segment of the four-bead-cube chain.
29. Say, "One four; two fours; three fours; four fours."
30. Place the four-bead square to the right of the metal circle at the bottom of the first segment of the four-bead-cube chain.
31. With the index finger, indicate the second segment of the four-bead-cube chain.
32. Say, "One four; two fours; three fours; four fours."
33. Place the four-bead square to the right of the metal circle at the bottom of the second segment of the four-bead-cube chain.
34. With the index finger, indicate the third segment of the four-bead-cube chain.
35. Say, "One four; two fours; three fours; four fours."
36. Place the four-bead square to the right of the metal circle at the bottom of the third segment of the four-bead-cube chain.

37. With the index finger, indicate the fourth segment of the four-bead-cube chain.
38. Say, "One four; two fours; three fours; four fours."
39. Place the four-bead square to the right of the metal circle at the bottom of the fourth segment of the four-bead-cube chain.
40. With the index finger, indicate the first segment of the five-bead-cube chain.
41. Say, "One five; two fives; three fives; four fives; five fives."
42. Place the five-bead square to the right of the metal circle at the bottom of the first segment of the five-bead-cube chain.
43. With the index finger, indicate the second segment of the five-bead-cube chain.
44. Say, "One five; two fives; three fives; four fives; five fives."
45. Place the five-bead square to the right of the metal circle at the bottom of the second segment of the five-bead-cube chain.
46. With the index finger, indicate the third segment of the five-bead-cube chain.
47. Say, "One five; two fives; three fives; four fives; five fives."
48. Place the five-bead square to the right of the metal circle at the bottom of the third segment of the five-bead-cube chain.
49. With the index finger, indicate the fourth segment of the five-bead-cube chain.
50. Say, "One five; two fives; three fives; four fives; five fives."
51. Place the five-bead square to the right of the metal circle at the bottom of the fourth segment of the five-bead-cube chain.
52. With the index finger, indicate the fifth segment of the five-bead-cube chain.
53. Say, "One five; two fives; three fives; four fives; five fives."
54. Place the five-bead square to the right of the metal circle at the bottom of the fifth segment of the five-bead-cube chain.
55. With the index finger, indicate the first segment of the six-bead-cube chain.
56. Say, "One six; two sixes; three sixes; four sixes; five sixes; six sixes."
57. Place the six-bead square to the right of the metal circle at the bottom of the first segment of the six-bead-cube chain.

58. With the index finger, indicate the second segment of the six-bead-cube chain.
59. Say, "One six; two sixes; three sixes; four sixes; five sixes; six sixes."
60. Place the six-bead square to the right of the metal circle at the bottom of the second segment of the six-bead-cube chain.
61. With the index finger, indicate the third segment of the six-bead-cube chain.
62. Say, "One six; two sixes; three sixes; four sixes; five sixes; six sixes."
63. Place the six-bead square to the right of the metal circle at the bottom of the third segment of the six-bead-cube chain.
64. With the index finger, indicate the fourth segment of the six-bead-cube chain.
65. Say, "One six; two sixes; three sixes; four sixes; five sixes; six sixes."
66. Place the six-bead square to the right of the metal circle at the bottom of the fourth segment of the six-bead-cube chain.
67. With the index finger, indicate the fifth segment of the six-bead-cube chain.
68. Say, "One six; two sixes; three sixes; four sixes; five sixes; six sixes."
69. Place the six-bead square to the right of the metal circle at the bottom of the fifth segment of the six-bead-cube chain.
70. With the index finger, indicate the sixth segment of the six-bead-cube chain.
71. Say, "One six; two sixes; three sixes; four sixes; five sixes; six sixes."
72. Place the six-bead square to the right of the metal circle at the bottom of the sixth segment of the six-bead-cube chain.
73. With the index finger, indicate the first segment of the seven-bead-cube chain.
74. Say, "One seven; two sevens; three sevens; four sevens; five sevens; six sevens; seven sevens."
75. Place the seven-bead square to the right of the metal circle at the bottom of the first segment of the seven-bead-cube chain.
76. With the index finger, indicate the second segment of the seven-bead-cube chain.
77. Say, "One seven; two sevens; three sevens; four sevens; five sevens; six sevens; seven sevens."

78. Place the seven-bead square to the right of the metal circle at the bottom of the second segment of the seven-bead-cube chain.
79. With the index finger, indicate the third segment of the seven-bead-cube chain.
80. Say, "One seven; two sevens; three sevens; four sevens; five sevens; six sevens; seven sevens."
81. Place the seven-bead square to the right of the metal circle at the bottom of the third segment of the seven-bead-cube chain.
82. With the index finger, indicate the fourth segment of the seven-bead-cube chain.
83. Say, "One seven; two sevens; three sevens; four sevens; five sevens; six sevens; seven sevens."
84. Place the seven-bead square to the right of the metal circle at the bottom of the fourth segment of the seven-bead-cube chain.
85. With the index finger, indicate the fifth segment of the seven-bead-cube chain.
86. Say, "One seven; two sevens; three sevens; four sevens; five sevens; six sevens; seven sevens."
87. Place the seven-bead square to the right of the metal circle at the bottom of the fifth segment of the seven-bead-cube chain.
88. With the index finger, indicate the sixth segment of the seven-bead-cube chain.
89. Say, "One seven; two sevens; three sevens; four sevens; five sevens; six sevens; seven sevens."
90. Place the seven-bead square to the right of the metal circle at the bottom of the sixth segment of the seven-bead-cube chain.
91. With the index finger, indicate the seventh segment of the seven-bead-cube chain.
92. Say, "One seven; two sevens; three sevens; four sevens; five sevens; six sevens; seven sevens."
93. Place the seven-bead square to the right of the metal circle at the bottom of the seventh segment of the seven-bead-cube chain.

94. With the index finger, indicate the first segment of the eight-bead-cube chain.
95. Say, "One eight; two eights; three eights; four eights; five eights; six eights; seven eights; eight eights."
96. Place the eight-bead square to the right of the metal circle at the bottom of the first segment of the eight-bead-cube chain.
97. With the index finger, indicate the second segment of the eight-bead-cube chain.
98. Say, "One eight; two eights; three eights; four eights; five eights; six eights; seven eights; eight eights."
99. Place the eight-bead square to the right of the metal circle at the bottom of the second segment of the eight-bead-cube chain.
100. With the index finger, indicate the third segment of the eight-bead-cube chain.
101. Say, "One eight; two eights; three eights; four eights; five eights; six eights; seven eights; eight eights."
102. Place the eight-bead square to the right of the metal circle at the bottom of the third segment of the eight-bead-cube chain.
103. With the index finger, indicate the fourth segment of the eight-bead-cube chain.
104. Say, "One eight; two eights; three eights; four eights; five eights; six eights; seven eights; eight eights."
105. Place the eight-bead square to the right of the metal circle at the bottom of the fourth segment of the eight-bead-cube chain.
106. With the index finger, indicate the fifth segment of the eight-bead-cube chain.
107. Say, "One eight; two eights; three eights; four eights; five eights; six eights; seven eights; eight eights."
108. Place the eight-bead square to the right of the metal circle at the bottom of the fifth segment of the eight-bead-cube chain.
